FOR IMMEDIATE RELEASE --Poulsbo, WA -- February 13, 2009 --- Complete Life Potential of Poulsbo, WA Announces a Voluntary Recall of Caveman Peanut and Sea Salt Bar and Salted Corn and Peanut Bar Because of Possible Health Risk

Complete Life Potential of Poulsbo, WA is initiating a voluntary recall of Caveman Peanut & Sea Salt Bars and Salted Corn & Peanut Bars because they contain peanuts included within the expanded recall by Peanut Corporation of America ("PCA") and may be contaminated with Salmonella.

Salmonella is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

Caveman Peanut & Sea Salt Bars were distributed in CA, FL, and WA through retail stores, mail order, and farmers markets. The Caveman Salted Corn & Peanut Bar was only sold at farmers markets. Both bars are packaged in clear wrappers with a weight of 1.5 oz. Both bars have "primitive nutrition" written on the right-hand, front, bottom corner of the bar. There are no specific UPC, Lot codes, or expiration dates on the packages.

The Peanut & Sea Salt Bar was sold from February 12, 2007 through February 12, 2009. The Salted Corn & Peanut Bar was only sold from January 1, 2009 through January 31, 2009.
